

we are...  
an event, design, planning and creative consulting company specializing in  
customized experiences for our clients and their guests.

## Our Work

## Our Services

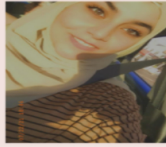

Event Planning + Design A celebration of collaboration. Our partnership starts with an intensive one-on-one consultation to help us understand the vision for your big day or important event. From there, we create a plan customized to your concept. On event day, we'll manage every last logistic and nosey-guest-question, or hand things off to you or your team depending on needs and budget.
